

Missions Internship (September 2018–April 2019)

Missions at Park Church exists to see the gospel of Jesus Christ proclaimed and portrayed to the nations through formal partnerships and commissioning our people in everyday engagement. **Love5280** exists to organize and strengthen our local efforts to effectively serve the Denver Metro Area through sustained partnerships and opportunities.

Park Church Internships are aimed at three overlapping purposes:

- The intern is **exposed** to church philosophy, culture, people, and practices.
- The intern is **equipped** to better serve as a church member and in other their vocations.
- The intern is **engaged** in his or her skillsets to actively pursue the mission of the church.

*In particular, the Missions intern will: attend particular **meetings** in order to learn and plan; engage three **readings** to be shaped by critical thinking; help lead and implement certain **initiatives** at Park Church; and commit to a time slot and responsibilities on **Sundays**.*
